b. Defense Export Corporation Proposal
on Miniature Commo Set

1. The proposal of Reference (b.), forwarded by memo of Reference (a.), has been reviewed, with considerable interest, and we wish to express our appreciation for keeping us informed.

2. Mr. Gross, of the Defense Export Corporation, demonstrated a model of this unit to personnel of R & D Branch of the Communications Engineering Division, about a year ago. The device was very similar, technically, to the SST-502 of O.S.S., and did not embody the features of the advancement of the postwar communications art. As a consequence we were not highly impressed with the equipment.
